

Hands-On Labs for Agentic AI for Video Creation

These four connected labs take one video from a simple first draft to a polished tool-assisted version, a multi-agent team workflow, and a consistent one-minute micro-drama episode.

#	Lab	Topic	Main result
1	Create Your First Video with Hermes	Topic 1	simple-video.mp4, first-video-prompt.md and review-notes.md
2	Improve the Video with Tools and Skills	Topic 2	improved-video.mp4, tool-and-skill-plan.md and before-after-review.md
3	Improve the Video with a Multi-Agent Team	Topic 3	team-video.mp4, kanban-export.json, audit-review.md, private-upload-preview.json and schedule-preview.json
4	Create a One-Minute Micro-Drama Episode	Topic 4	micro-drama-pilot.mp4, series-bible.yaml, character-bible.yaml, storyboard.md and continuity-review.md

Learning journey

First video -> Tools and skills -> Multi-agent Kanban and YouTube -> One-minute micro-drama series
