

Review Checklist for Lab 03

- ☐ The audience and message are clear within the first few seconds.
- ☐ Every shot has one purpose and one main action.
- ☐ The visual style, captions and tone feel consistent.
- ☐ Characters, clothing, location and props remain consistent where required.
- ☐ Images, audio, facts and logos are supplied or authorised.
- ☐ The learner saved the original prompt, draft, feedback and improved version.
- ☐ Any YouTube upload remains Private until human approval.
- ☐ Any schedule begins paused and has a clear approval point.
- ☐ Lab success condition: Five distinct profiles and a dependency-based Kanban board exist, the first video is improved through the team, YouTube is prepared as private, and the schedule remains paused until approval.
