

--- name: manim-explainer description: Render a technical explanatory animation with Manim. version: 1.0.0
metadata: hermes: category: video tags: [video, governed-production] ---

manim-explainer

When to use

Use this skill only when the requested video task matches the description and all source assets are authorized.

Procedure

1. Read the approved concept and numeric values.
2. Create a scene with labels bound to those values.
3. Render a preview and inspect a contact sheet.
4. Export a versioned clip and evidence record.

Safety and verification

- Preview commands and paid or external side effects before execution.
- Never store credentials in SKILL.md, scripts, prompts or render logs.
- Write versioned outputs and verify the final media with ffprobe.
- Return BLOCKED when a required service, asset, right or approval is unavailable.
